

'Age UK Wiltshire' is a local independent charity providing support to anyone over the age of 50 living in Wiltshire & Swindon who needs helpful information, advice, extra support or friendship.

Their core services are primarily delivered in the community with individuals on a one to one basis e.g. volunteers visiting someone at home to help them fill in benefits claim forms or visiting isolated older people at home to help them re-connect with their community.

Age UK Wiltshire is currently looking for volunteers to support clients on an individual basis within South Wiltshire. Where possible, Age UK will always try and match a volunteer with someone in their local community although this isn't always possible so it is helpful if volunteers are occasionally willing to travel a little way outside of their area.

The charity relies on the support of more than 300 wonderful people across the whole of Wiltshire who willingly give up some of their time and energy to help 'Age UK' provide their services.

If you would like to join their friendly team - even for a few hours each month – they will help you find the role that's right for you.
