

'Footpath 2' in Ansty Upgraded!

Opposite the Ansty Maypole a new footpath sign has been erected on the Ansty to Swallowcliffe (FP2 section). This has replaced an old similar sign (like for like) in keeping with the conservation zone of Ansty Village. Note the cleared FP 'way'.
21st April 2017

Further up FP2 a large Hazel tree had shed large boughs where they were splitting and bending over during the recent the winter period. This tree has now been judiciously 'pruned' (with permission) to remove the danger to walkers but allowing it to grow again. There were no birds' nests: it was 'checked out' first. This path is now fully cleared and gated (instead of stiles) all the way to Swallowcliffe. A lovely summer evening walk to the pub and back!
